January 14, 2019

Dear Will Carleton Academy Parents,

Happy Monday! This week brings the second week of our second semester. This third quarter is typically a tough one for the students who become increasingly anxious for warmer temperatures and longer daylight hours. Let's work together to be sure we are meeting all of our students' needs for the classroom. I look forward to sharing many successes with you!

This week is Homecoming Week for our high school students. It is a fun week with daily assemblies and themed days that the students look forward to each year. All students are welcome and encouraged to participate in Green and Gold Day during school this Friday, January 18th. Then, show your school spirit and get in on the fun as we host Pansophia Academy in the Cougar Den Friday evening beginning at 6:00 pm. The concession stand will be open featuring all of our newer menu items; it is a great place to have dinner! I hope to see you there!

2nd quarter report cards come home today in your Mailers for all K-8th grade students and will be placed in the mail for all 9th-12th grade students. Our second quarter/first semester Honor Roll Ceremony will be next Wednesday, January 23rd at Opening Ceremony. Please plan to join us to celebrate the academic achievements of many of our students. We hope to see you there!

The January Board of Directors' meeting is tomorrow, Tuesday, January 15th at 5:15 pm. Please feel welcome to attend.

Pizza Day is this Wednesday, January 16th. As always we are grateful to Mrs. Dryer and her team of volunteers who help make these change of pace lunch days happen. We appreciate you!

The winter weather certainly has a hold on us currently. It is hard to guess what the day will bring even when considering temperatures. I would continue to ask that all students come to campus with winter gear; even our high school students need coats as their schedules often take them outside each day. I am grateful to have your continued support with this.

Have a good week. As always, my door is open for questions or concerns. I look forward to working together to encourage our children through the third quarter.

Sincerely,

Colleen A. Vogt
Director
