July 2021

WCA Parents and Students,

Hello! My name is Kathryn Hull and I will be the art teacher. You may recognize me from a few years ago, because I am a graduate of Will Carleton Academy from the class of 2017. After graduating from WCA I studied at Spring Arbor University focusing on Graphic Design, but I realized that I missed the hands-on part of creating art. I had the opportunity to be the Arts Director at Michindoh which then finalized my change in focus from Graphic Design to Art Education. I then finished my college career at Michigan State University studying Art Education. Through MSU's Art Education I was able to lead art to second through eighth grade students from the Lansing community. I am very excited to use these skills I have learned to pass on to the students at Will Carleton Academy.

K-8 students should come to art class prepared with the following materials:

Pencil and eraser

- colored pencils
- crayons
- markers
- scissors
- glue stick

High School students enrolled in Art I, Art II, and Advanced Art should come to class prepared with the following materials:

- pencil
- pen
- 12 x 9" sketchbook
- graphite pencils: 2B, 4B, 6B/8B
- kneaded eraser

These supplies can be found at Walmart. If your student is interested in pursuing art more seriously you can find higher quality products from Joann's, Hobby Lobby, or Dick Blick.

I am very excited to meet all of you and grow together at WCA.

Sincerely,

Kathryn Hull
