MISSION STATEMENT

Will Carleton Academy will serve the community as a charter school where parents can choose a traditional, character-based curriculum and educational atmosphere for their children. The school will provide an orderly disciplined environment where all children are exposed to the wonder and joy of learning, where all children are expected to learn, and where all children and adults are expected to behave in a respectful and responsible manner.

PHILOSOPHY STATEMENT

The philosophy of Will Carleton Academy rests on three basic tenets. First, the primary responsibility of the school is to educate each child in basic academic skills and a core of knowledge of the world around him. Second, academic education cannot be separated from, and must necessarily include attention to, character education. Finally, throughout life, parents are the child's first teachers with the primary right and responsibility for their child's education.

1. Introduction and Overview

1.1 School Calendar

[2026-2027 Academic Calendar](#)

This calendar complies with Board Policy 8210 and MCL 388.1701, requiring 1,098 instructional hours over a minimum of 180 days.

1.2 School Hours

The regular daily school schedule begins at 8:10 am and ends at 3:30 pm.

1.3 Attendance and Truancy Policy

Regular school attendance is essential to academic success. In accordance with Board Policy 5200 and state law, all students are expected to attend school each scheduled day and arrive on time. Absences should be reported to the WCA office by 9:30 am on the day of the absence. Excused absences include personal illness, medical appointments, religious observances, family emergencies, mandated court appearances, and other situations approved by the WCA Director. Documentation may be required for certain excused absences.

To address unexcused absences, WCA follows a tiered intervention system. At **5** unexcused absences, WCA will notify the parent/guardian and may request a meeting. At **7** unexcused absences, a required meeting with WCA's Director will be scheduled to discuss attendance concerns and put supports in place. At **10** unexcused absences, WCA may refer the student to the local truancy officer, and/or Hillsdale County court system.

A student may also be identified as chronically absent if they miss more than 10% of enrolled school days, regardless of whether the absences are excused or unexcused. This includes frequent tardiness or early check-outs that result in lost instructional time. In such cases, WCA may initiate a formal attendance improvement plan.

If a student's absences are due to a medical, mental health, or physical condition, WCA will review whether the student may qualify for protections under Section 504 of the Rehabilitation Act or the Individuals with Disabilities Education Act (IDEA). WCA is

committed to working with families to ensure all students have equitable access to learning.

All attendance interventions, parent meetings, referrals, and communications will be documented by WCA and reported as required by law. Your partnership in supporting consistent, on-time attendance is critical to your child's success

1.4 School Cancellation and Communication Channels

Notice of school cancellation is given by announcements on local tv (WILX, Lansing), local radio (WCSR, 92.1 FM), Facebook, Instagram, and our automated texting platform, Textmagic. Families are responsible for keeping contact information up to date at all times and to accept the invitation to participate in Textmagic.

1.5. Student Privacy and Media Consent

WCA is committed to protecting the privacy and safety of all students in accordance with the Family Educational Rights and Privacy Act (FERPA) and internal policy. To honor this commitment, faculty, staff and volunteers will not photograph, video record, or audio record students whose parents or guardians have submitted written notice opting out of media permissions.

Upon enrollment, WCA families are asked to complete a media consent form indicating their preferences regarding photography, video, and audio recordings of their student. These images or recordings may be used in newsletters, social media, classroom apps, marketing materials, or news stories that promote the school's mission and culture. If a parent or guardian chooses to opt out, WCA will make every effort to exclude the student from any public-facing content.

Classroom- or teacher-directed use of digital platforms (such as communication apps or learning portfolios) that include student photos or videos will not occur if parent or guardian chooses to opt out. This may include, but is not limited to, apps like ClassDojo, Seesaw, or Google Classroom. Staff will not privately share media content that features students and will only post content through WCA approved communication channels.

Parents and guardians may update their media consent preferences at any time by contacting the WCA office in writing. WCA will honor all opt-out requests promptly and respectfully.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

1.6 Verbal and Written Communication Policy

To promote effective, respectful, and timely communication among families, staff, and school leadership, all concerns or questions should be routed to the appropriate person as soon as possible. Prompt, direct communication fosters collaborative problem-solving, helps avoid misunderstandings, and ensures that each concern is addressed at the right level.

All communications should reflect our shared commitment to respectful dialogue and mutual problem-solving. For urgent concerns that impact a child's immediate health or safety, please call the WCA office directly.

Will Carleton Academy is committed to effective communication with all families. If a parent or guardian has limited English proficiency or requires information in a different language or format, please notify the WCA office. We will provide translated materials or interpretation services for important school communications and meetings, in accordance with federal and state laws.

1.7 Channels of Communication

To ensure inquiries and concerns reach the appropriate staff member, please reference the chart below:

1.8 Communication Chain of Command

If a concern is not resolved at the initial level, the following communication chain should be followed in order to ensure the issue is addressed appropriately:

- Classroom Teacher
- Director, Mrs. Colleen Vogt
- Superintendent, Mr. Kurt Naber
- Chief of Staff, Mrs. Caryn Slater
- Chief Executive Officer, Mrs. Sarah Wildey
- Academy Board of Directors – *For concerns that remain unresolved after all prior steps have been followed or that relate directly to board governance.*

Please note: Unless a matter involves an immediate safety concern, legal issue, or regulatory violation, each step should be followed in sequence. Skipping steps may delay resolution or prevent the appropriate context from being considered.

Parents and guardians are always welcome to address the WCA Board of Directors during the public comment portion of their monthly board meetings. While the Board does not respond to public comment during the meeting, all remarks are documented and taken into consideration.

1.9 Communication Expectations

Teachers and administrators strive to maintain strong, respectful communication with families. To support this, the following expectations apply:

- Response Time: Staff will respond to emails and voicemails within one school day, excluding weekends, holidays, and scheduled breaks.
- Urgent Messages: Urgent changes (such as end-of-day transportation) must be communicated by phone to the WCA office. Staff may not see emails or other messages during instructional hours.
- Personal Contact: Calling or texting a staff member's personal phone is discouraged, unless previously agreed upon and contextually appropriate (e.g.,

field trip emergency). Respecting personal boundaries helps staff maintain focus and balance.

- **Tone and Purpose:** All communication should be courteous, student-centered, and focused on partnership. Constructive, solutions-oriented dialogue is essential to supporting students' growth and wellbeing.

By following these guidelines, we ensure communication is efficient, professional, and respectful of everyone's time and role.

2.3 Core Virtues

Will Carleton Academy is committed to providing an education that unites quality in academic achievement with the development of personal character. Developing the basic and universally recognized character virtues of honesty, integrity, perseverance, compassion, respect, and the like still belongs at the center of the educational task, where it has stood in the Western tradition for centuries. Education, in this venerable tradition, promotes knowledge in the context of citizenship. Michigan's own State Constitution states: "Religion, morality and knowledge, being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."

All people, but especially children, rise to meet the expectations which are placed upon them. At Will Carleton Academy, there are high academic standards and high expectations for respectful and appropriate behavior. Character education at Will Carleton Academy takes place through teacher examples and through the reading of quality literature. Good character is encouraged through good discipline. Irresponsible and irreverent behavior will not be tolerated; polite and civilized behavior is expected. Fair and positive conflict resolution is practiced. Our goal is that all Will Carleton Academy students become self-disciplined, self-motivated, and have internal controls.

Meetings are scheduled for the second Tuesday of the month at 5:15 pm at WCA. Special meetings are scheduled when needed. All Board meeting notices are posted at the main entrance of WCA and are open to the public. WCA Board of Directors contact information is listed on the school website.

2.8 Student Rights and Responsibilities

WCA believes that student growth is best supported in a school environment rooted in safety, dignity, and mutual respect. We are committed to fostering a culture where every student, regardless of age, is valued, guided, and held to high expectations. Students are entitled to protections and privileges guaranteed by state and federal law. With those rights come important responsibilities to their school community.

The following rights and responsibilities form the foundation for how we learn, grow, and relate to one another:

The Right to Civil Dignity

All students have the right to be treated with kindness and respect and to learn in an environment free from bullying, harassment, and discrimination. With this right comes the responsibility to treat others with dignity and to avoid behavior that harms or excludes.

The Right to Education

Students have the right to attend a tuition-free public school and access a high-quality academic program. They are responsible for attending regularly, engaging fully, and following rules that support a productive learning environment.

The Right to Due Process

Students have the right to fair and respectful discipline, including the right to be heard and to appeal major decisions. They are expected to cooperate with school processes that promote learning and well-being.

The Right to Expression

Students may respectfully express ideas and beliefs, provided their expression does not disrupt learning, compromise safety, or violate community standards for respectful communication.

The Right to Privacy

Students have the right to reasonable privacy in personal matters and educational records. This right is balanced with the school's obligation to ensure safety and comply with the law.

The Right to Support and Belonging

Especially for our younger learners, students have the right to be nurtured,

guided, and encouraged by trusted adults. They are responsible for doing their best, following directions, and helping their peers feel safe and included.

Expectations for student behavior, academic integrity, and community responsibility are further detailed in the WCA Code of Conduct. This document is shared annually and is available at the end of this handbook. Parents and guardians are asked to review it with their children and return a signed acknowledgment form confirming their understanding.

3. Educational Program and Academic Policies

3.1 Educational Philosophy & Curriculum Overview

In order to educate students properly, Will Carleton Academy uses a content-rich curriculum that provides the skills and cultural literacy necessary to become an educated person. Will Carleton Academy strives to ensure that all students possess that most fundamental learning tool, the ability to read with ease and comprehension; a knowledge of history so that they will know of their heritage and have the benefit of our ancestors' experience; basic skill in mathematics; a capacity to think critically and logically; the ability to articulate their thoughts both verbally and in clear, concise prose; a knowledge of the natural world which the study of science and natural history provides; and finally, an appreciation of the beautiful as revealed through great works of art, music, and poetry.

The curriculum includes the study of phonics, reading, spelling, grammar, classical literature, math, science, geography, history, a foreign language, the fine arts and physical education. The role of computers in the classroom is limited at Will Carleton Academy. Students acquire a basic understanding and facility with technology as it is integrated into the fundamental academic subjects. Time in the classroom will be devoted to the study of academics.

There is a definite sequence of skill and knowledge that all children master in each grade. Every child learns this core and gains the specific knowledge needed to excel at the next grade level. Acquiring this specific and well-integrated body of knowledge grants students pleasure in learning as well as self-respect, and it ensures that they will enter the next grade ready and eager to learn more. It is in this way that children acquire confidence and self-esteem.

The role of the teacher at Will Carleton Academy is to provide knowledge and discipline.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

All of our teachers have pedagogical training and a detailed knowledge of the subject matter that they teach. They expect a certain standard of behavior, and they provide the necessary structure to keep the class on task. We believe that schools must have orderly classroom to produce mastery of conventional knowledge and skills.

3.2 Additional Instructional Programs

Will Carleton Academy offers opportunities for dual enrollment at both Jackson College and Hillsdale College as well as options at Hillsdale Area Career Centers for juniors and seniors.

3.3 Graduation Requirements

[Will Carleton Academy Graduation Requirements](#)

3.4 Field Trips

WCA supports field trips as meaningful extensions of classroom learning, aligned to curriculum and approved in advance by school leadership. In accordance with Board Policy 2340, any trip that involves overnight travel, goes out of state, or exceeds 100 miles requires prior approval from The WCA Board of Directors. All other trips must be approved by the Director.

Written permission is required for all students attending a field trip. In some instances (preschool, EP), parents may sign a blanket permission form for walking-distance trips. A separate form is required for each trip involving travel. Emergency Medical Authorization forms must be on file and will be carried by staff on all trips.

A minimum of one adult chaperone per ten students is required, with adjustments based on age or activity. Chaperones must meet the WCA volunteer requirements. While on a field trip, students are expected to follow all school rules and the WCA Code of Conduct. Students with documented unsafe or inappropriate behavior may be excluded from participation at the discretion of the Director.

Students will not be denied participation due to financial hardship. Families unable to cover trip costs should contact the Director. If a student does not attend, an alternate learning activity may be provided.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Teachers will clearly communicate the purpose of the trip, along with key details such as destination, timing, and expectations. Transportation will follow all Board-approved policies.

3.5 Report Cards / Progress Reports / Conferences

3.5.1 Report Cards

Report cards are issued at the end of each grading period and provide a review of your child's progress in meeting grade-level expectations. They reflect academic achievement, effort, and mastery of content. Families are encouraged to review report cards together and celebrate growth.

3.5.2 Progress Reports

Progress reports are shared mid-way through each marking period to keep families informed of their child's academic performance and classroom habits. These updates are meant to open the door for support, questions, and partnership between home and school.

3.5.3 Parent Teacher Conferences

Parent-teacher conferences are scheduled at key points during the year to foster open communication and a shared commitment to student success. These meetings offer a dedicated time to discuss strengths, challenges, and how we can work together to support your child's growth.

3.6 Retention (including K-12 Literacy and Dyslexia Law)

At WCA, students in kindergarten through 3rd grade take state-approved reading assessments three times a year to track their literacy growth. These assessments help us identify students who may need additional support. If your child is not meeting grade-level expectations, you will be notified in writing. When a reading concern is identified, your child will receive an Individual Reading Improvement Plan (IRIP). This personalized plan outlines the specific support your child will receive during the school day and includes activities and strategies you can use at home. You will be involved in developing the IRIP and kept informed of your child's progress through regular updates. Reading support is tailored to your child's needs and may include small group or one-on-one instruction using proven, evidence-based methods. We value partnership with families and encourage open communication. You are welcome to request a

meeting at any time to discuss your child's reading progress or the interventions in place.

Starting in the 2027–2028 school year, all Michigan schools will screen students in kindergarten through 3rd grade for signs of dyslexia. If characteristics of dyslexia are identified, your child will receive reading intervention that is explicit, systematic, multisensory, and aligned with the science of reading. For students in grades 4 through 12, screening will occur when there is evidence of characteristics of dyslexia or a dyslexia diagnosis. If screening confirms characteristics of dyslexia, students will receive targeted intervention using structured literacy approaches. Instruction will be adapted to meet each student's needs to ensure reading success.

Families play a vital role in supporting literacy development. If your child has been evaluated for dyslexia or a learning disability outside of school, please share that information with us. That information can help guide how we support your child. Additionally, students who qualify may receive services under federal special education law, including the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act.

3.5.4 Other Promotion, Placement, and Retention

Promotion and retention decisions are made individually and are based on a student's academic achievement, progress toward grade-level standards, social and emotional development, attendance, and other relevant factors. The school provides interventions and supports before retention is considered and works closely with families throughout the process.

3.6 Homework

The Will Carleton Board of Trustees, Director, and teachers together believe that homework completed in a careful and timely manner is a central component of the academic program. Under the general supervision and guidance of The WCA Director, teachers will make assignments of appropriate duration and rigor with the expectation that students will complete homework to the teacher's satisfaction and that parents will provide the necessary study environment and support of their child's efforts.

Leaving school each day with necessary supplies to complete the assigned homework is often a challenge for some students. A Will Carleton Academy student will be allowed to return to campus to retrieve forgotten homework each school day until 4:00

pm. The procedure is to stop in the office first to page the classroom teacher to assist the student with procuring the assignment and necessary supplies.

In general, the following guidelines are the *approximate* amount of time children will spend on homework. Please keep in close communication with your child's teacher regarding the actual amount of time that the assignments require.

Kindergarten:	10 minutes
1 st grade	15 minutes
2 nd grade	20 minutes
3 rd grade	25 minutes
4 th grade	30 minutes
5 th grade	40 minutes
6 th grade	50 minutes
7 th and 8 th grades	60 minutes

3.7 Testing and Assessment

WCA administers state-mandated assessments at grades 3rd-6th. WCA also administers a computer-based adaptive assessment in math and reading three times a year in grades K-10, as a requirement of our authorizer and charter contract. This enables us to more effectively and accurately monitor the growth and identify the needs of our students. The results of the state assessment test, and the computer-based test, are used to guide instruction, target individual student needs, and assist in the improvement of curriculum and instruction. Parents and guardians will be sent individual scores of their children when they are available. Test scores will be included in the child's cumulative folder.

3.8 Social Emotional Learning Program

WCA is committed to fostering the social and emotional well-being of all students. We believe that developing strong social and emotional skills is crucial for academic success, healthy relationships, and overall well-being. With the support of HISD, when necessary, WCA utilizes a comprehensive SEL curriculum focused on building self-awareness, self-management, social awareness, relationship skills, and responsible decision-making. WCA integrates SEL into our learning environment through dedicated lessons, activities, and by incorporating SEL concepts into various subjects when the WCA *be nice*. chapter works with the student body. We believe that a positive and supportive learning environment is essential for students to thrive, and we encourage

open communication and collaboration between students, teachers, and families to ensure that all students have the tools and support they need to succeed.

4. Student Support Services

4.1 Special Education and 504 Plans

WCA is committed to provide appropriate educational programs for children who are identified with disabilities and who have an approved Individual Educational Plan (IEP). WCA embraces the instructional practice known as inclusion. When the IEP calls for pullout services, the student will be permitted to leave the classroom to work with a properly trained professional special educator. The goal of special education programming is to provide students with an educational program that best meets their individual needs in the least restrictive environment. This means that, to the maximum extent appropriate, students will be provided programming and/or support within the regular education classroom with the necessary support.

WCA benefits from an excellent working relationship with the local intermediate school district, Hillsdale Intermediate School District (HISD). HISD provides a parent resource center which provides parents with comprehensive resources on rights of the disabled, responsibilities of the school, support systems for parents and children, and educational programs available.

If you have concerns about your child's progress, arrange to speak with your child's teacher. For further information on all special education services and programming, contact the Director.

4.2 Child Find / Academic Interventions

The objective of the WCA is to ensure that the child receives the instruction, support, and services needed to succeed in school. It is The WCA's intention to:

- Engage first in preventative and targeted instruction and intervention
- Design and conduct comprehensive evaluations that identify each student's individual learning needs, ensure proper implementation of Child Find, and determine the most appropriate instructional programs and accommodations based on the student's performance, educational opportunities, and response to high-quality instruction over time.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Select every component of the evaluation based on its relevance for creating the student's instructional program.

Consistent with the mandates in IDEA 2004, a comprehensive evaluation includes:

- A variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child (Sec. 300.304(b)(1))
- An observation of the student in the learning environment, including the regular classroom setting (Sec. 300.305(a)(1))
- Determination that underperformance is not primarily the result of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency (Sec. 300.309(a)(3)(i-vi))
- Determination that underperformance is not primarily the result of a lack of instruction, i.e., student performance data indicating that the student (a) was provided appropriate instruction in regular education settings delivered by qualified personnel (Sec. 300.309(b)(1)), and (b) received repeated assessments of achievement at reasonable intervals (Sec. 300.309(b)(2)), to ensure that underachievement is not due to lack of appropriate instruction. Additionally, consideration should be given to whether the student's attendance has significantly limited their access to instruction, as chronic absenteeism is strongly correlated with reduced academic achievement.

Also consistent with IDEA 2004, WCA believes that:

- The determination of a specific learning disability must be made by the child's parents and a team of qualified professionals (Sec. 300.308)
- Parents must be provided with the results of repeated assessments of achievement (Sec. 300.309(b)(2))
- For students participating in a Multi-Tiered Systems of Support (MTSS) program, parents must be notified about their state's policies about the collection of student performance data, strategies for increasing the child's rate of learning, and their right to request an evaluation (Sec. 300.311(a)(7)(ii))
- The MTSS process must not be used to delay or deny an evaluation but should offer data, both academic and behavioral, to help problem solve and analyze issues regarding learning and help inform the development of effective

instructional plans for students found to have a Specific Learning Disability (SLD)

- Evidence of a pattern of strengths and weaknesses in performance, achievement or both should be included, and must be designed to help guide the development of the child's instructional program.

MTSS records can indicate whether or not the child (a) achieves adequately for age or grade level when provided with appropriate instruction, and (b) makes sufficient progress to meet age or grade level standards based on the child's response to scientific, research-based intervention. Evidence that the student is improving when provided with general education interventions indicates that the student is not in need of special education services, a requirement for placement in special education.

4.3 English Language Learner (ELL) Services

WCA is committed to supporting English Learners (ELs) as they develop proficiency in English while accessing grade-level academic content. In accordance with federal Title III guidelines and the Michigan Department of Education's English Learner policies, the following procedures and supports are in place:

All students enrolling in WCA complete a Home Language Survey (HLS) as required by the State of Michigan. If a language other than English is indicated, students are screened for English language proficiency using the WIDA Screener (Grades 1–12) or WIDA MODEL for kindergarten.

Students identified as English Learners receive instructional support based on their English Language Proficiency (ELP) level. Services may include:

- Designated English Language Development (ELD) instruction
- Push-in or pull-out support from an ELL specialist or trained staff
- Use of appropriate language accommodations and instructional technologies
- Ongoing collaboration between general education and ELL staff

The amount and type of support is determined by each student's ELP level, academic needs, and classroom context.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

WCA reviews ELL program implementation annually and ensures compliance with Civil Rights obligations, Title I and Title III funding requirements, and MDE guidelines.

4.4 McKinney-Vento Homeless Education Assistance

WCA is committed to supporting all students, including those experiencing homelessness. In accordance with the McKinney-Vento Homeless Assistance Act, students who lack a fixed, regular, and adequate nighttime residence have the right to:

- Immediate enrollment, even if records are unavailable at the time of registration.
- Attend their school of origin or the school nearest to their temporary home.
- Receive support services, including access to free school meals and school supplies.
- Full participation in all school programs and activities.

If your family is experiencing housing instability, please contact the WCA's Homeless Liaison, Mrs. Miller (517.437.2000/janet.miller@wcak12.org) for support and assistance. All information shared will remain confidential.

Any make-up worn by girls must be conservative in amount and traditional in style. 6. Health and Safety

The health and wellness of our students is a top priority. Families are expected to partner with the school to ensure a healthy and safe environment for all students.

6.1 Illness and Injury Guidelines

Students who are ill must remain at home until they are symptom-free for 24 hours without the use of medication. This includes fever, vomiting, diarrhea, or any contagious condition. Parents and guardians should notify the school office when a student is absent due to illness. The school may require a doctor's note for return in cases of communicable diseases.

The school does not have facilities to care for the children when they are sick. If your child becomes ill while at school, you will be notified using the information you provided on your Child Information Card. Please have a plan so that you, or your emergency person, will be able to pick your child up promptly if necessary. Children should not attend school when the following conditions are present:

- Temperature above 100 degrees.
- Unusual drowsiness, excessive sleep or the child appears ill.
- Vomiting two or more times in a 24-hour period.
- Three or more loose or watery bowel movements in a 24-hour period.
- Body rash with fever.
- Severe cough or difficulty breathing.
- Red swollen eyes or pus draining from eyes.

6.2 Medications at School

Medications will only be administered at school with written authorization from a parent or guardian and, where applicable, a physician, in accordance with Board Policy 5330. Emergency medications (e.g., EpiPens, inhalers) must be provided directly to the school office in their original containers, accompanied by all required medical documentation.

6.3 Immunization Requirements

In accordance with Board Policy 5320 and state law (MCL 333.9201 et seq.), all students must provide documentation of up-to-date immunizations or an authorized waiver prior to enrollment or by the first day of school. Acceptable documentation includes an official immunization record, a physician-certified medical contraindication form, or a certified nonmedical waiver issued by the local health department following a vaccine education session. Students without proper documentation may not attend school until requirements are met. When providing health information to families in grades 6, 9, or 12, schools will also include information about the meningococcal and HPV vaccines.

6.4 Physical & Mental Well-being

WCA is committed to supporting the physical and mental wellness of every student. In alignment with Board Policy 8510, we provide age-appropriate opportunities for physical activity throughout the day, including physical education, recess, and movement-based classroom activities. Students are encouraged to develop healthy habits that support lifelong wellness, such as regular exercise, balanced nutrition, and responsible screen use. Our physical education program emphasizes fitness, motor skill development, teamwork, and a positive attitude toward physical activity. We also promote nutrition education and provide clean, safe eating environments with access to fresh drinking water. Families are vital partners in reinforcing these wellness habits outside of school. Together, we aim to support the whole child physically, mentally, and emotionally.

To further support student wellness, we offer access to the School Assistance Program (SAP) through a partnership with Pine Rest Mental Health Services. This program provides free, confidential counseling with up to five sessions per episode of care for students and their household members. Counseling is available for a wide range of challenges including academic stress, anxiety, grief, and family transitions. In-the-moment phone support is available 24 hours a day, 7 days a week.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

In addition to counseling, SAP offers families access to:

- Personal Advantage, an online library of articles and tools on health, wellness, legal, and financial topics.
- Wallet Wisdom, a financial wellness resource with calculators, webinars, and planning tools.
- Free consultations on elder care, financial planning, legal concerns, infant feeding, and real estate questions.

All SAP services are voluntary and confidential. The school is not notified when students or families use the program. Participation in SAP does not affect a student's school record or academic standing.

To access SAP,

- Call 800.442.0809
- press 1, and follow the prompts.
- When prompted, say: "I have a SAP with [Insert School Name]."

You can also visit www.pinerest.org/PAL and enter your school-specific username.

We encourage families to use this resource to promote mental well-being, strengthen family resilience, and support student success.

6.5 Concussion Awareness

In accordance with Michigan law, WCA provides annual concussion awareness education to families of students participating in any school-sponsored athletic activity.

Before participating, students and their parent/guardian must review a concussion information sheet and sign an acknowledgment form. These forms are kept on file with the school. Coaches and school staff are trained to recognize concussion symptoms and follow proper return-to-play procedures.

If your child is injured during a school activity, we are committed to their health and recovery and will follow all return-to-learn and return-to-play protocols.

6.6 Emergency Contacts / Child Information Card

Each year, families must complete and return an Emergency Medical Authorization Form and Child Information Record. These documents provide critical contact

information and medical directives in the event of illness, injury, or emergency. It is the parent or guardian's responsibility to keep this information accurate and up to date throughout the school year. A copy of the form will be maintained in an accessible file in the school office. Staff accompanying students on off-site events, such as field trips, athletic events, and competitions, are required to carry these emergency forms. Please notify the school immediately of any changes in phone numbers, emergency contacts, or medical conditions. Failure to provide updated information may delay emergency care.

6.7 Student Accident Insurance

WCA cares deeply about the safety and well-being of all students. If an accident or medical emergency during school hours or a school sponsored activity requires insurance due to required medical attention, coverage may be provided. Please contact the WCA office for more information.

6.8 Pesticide Use & Prior Notification

WCA utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This notice has been provided in compliance with MCL324.8316. We are also required to notify you of your right to review the IPM Plan and IPM records. View the [Prior Notification Request form here](#).

6.9 Asbestos Management Plan

As per AHERA (40CFR 763.80) Rule, WCA is required to notify all students, staff, guardians, outside contractors, and community members of the availability of the AHERA Management Plan for their inspection and review. A copy of this plan is available at the WCA office for your review during normal business hours or on the schools transparency website located on their school website. Periodic (6 month) inspections are performed by properly trained staff members. At this time there are no planned asbestos abatement activities for the upcoming year. Should the need for

abatement arise, all building occupants and their guardians will be notified in writing in advance.

6.10 School Safety and Emergency Procedures

WCA places safety as a high priority. We have many proactive strategies in place that are not only aligned with the law, but are also nationally known best practices.

6.10.1 Standard Emergency Response Plan

To protect the safety of students and staff during emergencies, our school uses the Standard Response Protocol (SRP), a nationally recognized framework developed by the “I Love U Guys” Foundation. SRP is a clear, action-based emergency response model designed to equip schools with consistent terminology and procedures for addressing a range of incidents, including weather events, accidents, intruders, and hazardous conditions.

The SRP provides five specific directives that guide our response to different types of emergencies. These actions are easy to learn, simple to follow, and universally understood within the school community. They are reinforced through routine training and drills throughout the school year.

These five (5) actions are used when SRP is initiated:

HOLD - In your classroom or area
Protocol used when hallways need to be kept clear of occupants.

SECURE - Get Inside. Lock Outside Doors
Protocol used to safeguard people within the building.

LOCKDOWN - Locks, Lights, Out of Sight
Protocol used to secure individual rooms and keep occupants quiet and in place.

EVACUATE - Evacuate may be followed by a location, and is used to move people from one location to a different location in or out of the building.

SHELTER - State the hazard and the safety strategy for group and self-protection.

All staff receive annual SRP and Emergency Operations Plan training. Students participate in required safety drills including lockdown, evacuation, and severe weather

scenarios, in full compliance with state law and Board Policy. These efforts ensure that everyone on campus knows how to respond appropriately in various situations.

In the event of an emergency, families will be notified promptly through our automated messaging system by phone, text, and email as quickly as it is safe and practicable to do so. Should relocation or extended response procedures be necessary, instructions will be shared clearly and promptly. The SRP strengthens the school's overall emergency preparedness by providing a reliable and unified language and approach to safety for staff, students, and families. See 6.10.4 for specific lockdown drill information.

6.10.2 Fire and Tornado Drills

Fire and tornado drills are regularly scheduled to educate students in safe practice in case of an emergency. The teacher will review rules of safety and evacuation routes with students. Evacuation routes and tornado watch locations are posted in each classroom and area of WCA. The teacher or person responsible for a group of students will take attendance to determine the presence of all students who are in attendance on that day. Students and staff will return to class when the teacher is given approval via verbal Director or designee.

6.10.3 Tornado Emergencies

Students will not be dismissed from school when there is a tornado watch, warning, or actual tornado. During a tornado watch, students will remain inside the building in designated areas, local radio stations will be monitored, and staff will take safety precautions. Students will be released to their parents or guardians, or designated adults as requested. During a tornado warning or tornado, all students and staff members will remain in the building. Everyone will take shelter in designated areas and will follow outlined safety precautions. Students may be detained beyond the usual dismissal time. Parents and guardians who have come to the school to pick up students are encouraged to stay at school until the tornado warning or tornado has passed and safe conditions prevail. Out of respect for parental responsibility for their children, a student will be released to parents and guardians only.

6.10.4 Lock Down Drills

In compliance with Michigan law and in partnership with local law enforcement, WCA conducts a minimum of three (3) lockdown drills each school year to prepare students and staff for emergency situations that may involve an intruder or other threat to building security.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Lockdown drills are designed to practice procedures that help keep students and staff safe in the unlikely event of a real emergency. These drills focus on:

- Securing classroom doors and limiting visibility
- Remaining silent and out of sight
- Following directions from school personnel and first responders
- Practicing calm, orderly behavior under stress

Drills are age-appropriate and developmentally sensitive. Teachers are trained to communicate the seriousness of the drill while helping students feel safe and supported. Staff are encouraged to review and practice safety procedures in advance with students.

We understand that lockdown drills can be unsettling for some students. Teachers and support staff are available to answer questions and provide reassurance. If your child experiences anxiety related to safety drills, please contact the school so that additional support can be offered.

If a real lockdown occurs, parents and guardians will be notified as soon as it is safe to do so through official communication channels. In such events, parents and guardians should not attempt to enter the building or call staff directly. The safety and accountability of all students depend on uninterrupted emergency protocols.

7. Nutrition and Wellness

7.1 School Meals Program

Will Carleton Academy does not have kitchen facilities. Students must bring a bag lunch from home, including a non-carbonated beverage, each school day. Students will not be allowed to share lunches due to the concern of unknown allergies. Lunches should not be commercial, or “fast food” type.

7.2 Birthday Snacks and Holiday Celebrations

Holidays will be celebrated in a learning environment as part of our cultural literacy. Halloween will be treated as a regular academic day, and there will not be a gift exchange at Christmas. However, other festive activities will be planned. For Valentine's Day, children may bring a homemade, non-edible Valentine for every child in the class. Children may bring a non-edible birthday gift for their classmates or the

classroom. Please see your classroom teacher for suggestions. Please, do not send birthday invitations to school unless every child or every boy/every girl is invited.

7.3 School Wellness Policy

WCA promotes student health and wellness in accordance with Board Policy 8510 – School Wellness Policy. This Board-approved policy supports healthy eating, nutrition education, and regular physical activity through measurable goals and school-wide practices. All foods and beverages made available on campus during the school day, including classroom celebrations, must meet the nutrition standards established by the Board and aligned with USDA guidelines. The policy also encourages parent, guardian, and community participation in the development, implementation, and periodic review of wellness practices.

8. Arrival, Dismissal, and Transportation

8.1 Student Drop-off and Pick-up Procedures

WCA's arrival and dismissal procedures are designed to ensure the safety and efficiency of student transitions to and from school each day. All students, parents, and staff are expected to follow the established guidelines, including designated drop-off and pick-up locations, traffic flow patterns, and supervision requirements. Families are responsible for ensuring that students arrive on time, prepared for learning, and are promptly picked up at the end of the day. Courteous and respectful behavior is expected from all individuals during these times to maintain a positive and orderly environment. Specific details regarding arrival and dismissal expectations, along with any disciplinary consequences for repeated violations, can be found in the Code of Student Conduct.

8.2 Early Dismissal

Release of a student during the school day

Students will be released only to a parent or authorized person. Parents must sign their child(ren) out at the school office prior to leaving. Office staff will call for the student from the office so as not to disturb the class with unannounced visitors. If the child returns to school, the parent must sign him/her in at the office.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

8.3 Transportation

Parents are responsible for transporting their child to and from school. Dial-a-Ride services are available to the students living within the city limits. Car pool information may be available at the school office. If a student is not leaving school grounds at dismissal, the office must be notified and the supervising adult identified. Paying attention to and following drop off and pick up routines is imperative. The details are outlined in information distributed at the beginning of each year and available in the school office throughout the school year.

9. Technology and Internet Use

9.1 Student Acceptable Use of Technology Policy

Students are encouraged to use WCA's computers, network, devices, applications, and internet access for educational purposes under staff supervision. Students must complete a mandatory training session/program before using WCA Information & Technology Resources and/or being assigned a school email address, in accordance with AG 7540.03 and 7540A. Before being granted access to WCA technology resources or a school-issued email account, students and their parent or guardian must also sign WCA's Acceptable Use Agreement. These tools support learning, creativity, communication, and research. Use of technology resources is a privilege, not a right, and students are expected to act responsibly, ethically, and legally at all times.

Unauthorized or inappropriate use, including violations of this policy, may result in loss of technology privileges, disciplinary action in accordance with the Student Handbook, and/or legal consequences. Students will receive instruction on the responsible use of Academy technology resources and must sign WCA's Acceptable Use Agreement before accessing Academy technology resources or receiving a school-issued email account. Parents and guardians are encouraged to discuss responsible technology use with their children and reinforce the expectations outlined in this policy. Students should make choices that reflect both their family's values and WCA standards.

WCA's technology systems, including student use of personal communication devices (PCDs) when on school property, at school events, or connected to school systems, rely on users following the guidelines below.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

 - *Note: Expressing views to elected officials is allowed and not restricted.*
- The Educational Service Provider may temporarily or permanently unblock educational content that was mistakenly filtered. All unblocking requests must be submitted using the designated form, include a documented educational purpose, and be approved by the supervising teacher and the Web Accessibility Coordinator. All decisions will be logged and reviewed quarterly. If a request is denied, the requesting staff member may appeal to the School Leader, whose decision is final.
- All filtering decisions must comply with the [Children's Internet Protection Act \(CIPA\)](#), and requests to unblock content must include a documented educational purpose.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Temporary access to blocked educational content may be requested by submitting a justification form. Access requires approval by a teacher and administrator, with all requests logged and reviewed quarterly.
- Instructional content that includes sensitive or mature material must have a clear academic purpose, be appropriate for the students' age and developmental level, and receive prior written approval from the Superintendent.

D. COPYRIGHT AND DOWNLOADING

- Students must respect copyrights and cite all sources appropriately.
- Plagiarism, including copying online content without credit, is prohibited.
- Downloading to school hard drives is not allowed. Files may be downloaded to approved storage devices only with teacher supervision.
- All downloaded files must be scanned for viruses.
- Students who create innovative tech projects should share them with the School Leader for possible recognition and to address ownership rights when hosted on school servers.
- All student use of copyrighted materials must follow fair use guidelines.
- Copyright violations or unauthorized use of subscription-based platforms will result in consequences aligned with academic dishonesty policies.

E. ONLINE COMMUNICATION

- Students must have staff approval to use group emails, forums, chats, or similar platforms.
- Unauthorized use of private messaging apps or chat rooms is prohibited.
- All communication through school platforms must follow school policies.
- Personal emails cannot be sent or received using school accounts or systems.
- Students are expected to use communication platforms that are accessible and compliant with district accessibility standards.

F. PRIVACY AND MONITORING

- Students have no expectation of privacy when using Academy devices or networks. All activity may be monitored. Parents/guardians may request activity summaries with reasonable notice, which will be provided in redacted form to protect other users' confidentiality.
- WCA may monitor all files, emails, websites, and communications for compliance purposes; however, all data collection, use, and disclosure must align with [SOPPA](#) and be limited to what is educationally necessary.
- Illegal or threatening behavior will be reported to law enforcement or other appropriate authorities.
- WCA designates a Web Accessibility Coordinator to oversee digital accessibility, content filtering, and compliance with [CIPA](#), [COPPA](#), and [ADA](#). This individual coordinates training and responds to content access requests or alerts.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Digital content used in instruction or communication will meet accessibility standards. In cases where monitoring software interferes with a student's disability-related needs or accommodations, alternative methods of access and supervision will be developed in consultation with the student's support team.
- Vendors with access to student data must have written agreements with WCA that include provisions for data breach notifications, data destruction timelines, and restrictions on further data sharing, consistent with [SOPPA](#) requirements.
- Parents/guardians have the right to inspect, review, and correct information maintained by third-party vendors and may request a list of all operators and platforms with whom their child's data is shared.

G. USE OF ARTIFICIAL INTELLIGENCE (AI) TOOLS

- Only WCA-approved AI tools may be used during school hours or on school devices.
- AI tools may support learning and creativity, but may not be used to create or complete assignments unless explicitly directed by a teacher. Students are prohibited from using AI/NLP tools to generate original work for submission unless authorized, consistent with AG 7540.03.
- AI may not be used to cheat, impersonate others, or generate harmful, misleading, or false content.
- Students may not enter personal information into AI systems without consent from a parent/guardian and teacher.
- AI-generated work must be reviewed critically and cited if used; students must not present AI content as their original work.
- Misusing AI, including trying to bypass controls or create inappropriate material, may lead to loss of access or disciplinary action.
- All AI use is monitored and subject to the same rules and appeal processes as other technologies.
- AI use must comply with [FERPA](#), [COPPA](#), [SOPPA](#), and all applicable privacy laws.
- AI use must comply with the [Family Educational Rights and Privacy Act \(FERPA\)](#), the [Children's Online Privacy Protection Act \(COPPA\)](#), and the [Student Online Personal Protection Act \(SOPPA\)](#).
- AI tools must be [SOPPA](#)-compliant, meaning any student data shared with AI vendors must be necessary for educational purposes, protected under a data sharing agreement, and not used for commercial purposes.
- Parents and guardians may opt out of student use of AI tools if they raise concerns about data privacy, algorithmic bias, or age-appropriateness. A written notice is required for this opt-out. In such cases, WCA will provide an alternative assignment that fulfills the same academic objectives, subject to teacher approval.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

H. STUDENT APPEAL PROCESS

If a student feels that a technology restriction or disciplinary action is unfair:

1. Submit a written appeal to the Director within 5 school days of the incident. During the appeal, temporary supervised access may be granted at the discretion of the Director and must be documented in writing.
2. The Director will respond in writing within 10 school days.
3. If unresolved, the student may request a hearing with the Technology Committee, which will issue a final decision within 15 school days.
4. During the appeal, temporary supervised access may be granted unless it poses a safety or legal concern.

J. DECISION-MAKING PROCESS FOR PERMISSIBLE USE

- To ensure fairness and transparency, a standing Technology Committee will meet at least twice per year to review educational platforms and AI tools, recommend which tools are allowed, and address new digital trends and concerns.
- The committee uses clear criteria to evaluate tools, including compliance with [SOPPA](#), data privacy standards, educational value, safety, age-appropriateness, legality, and alignment with community standards.
- Appeals of committee decisions must be submitted within 10 school days to the school leader and will be reviewed by an independent panel with representatives from staff, parents, and administration.

systems, must turn these into the Will Carleton Academy office each morning. The devices must be turned off and placed in the designated area in the office for the duration of the school day. At dismissal or when a student leaves campus, then and only then will the electronic device be returned. The electronic device may not be used until the student leaves campus. The use of electronic devices is restricted on campus and therefore bringing said items to school each day is not necessary.

A registration form for daily possession of a cell phone is available in the office and all students turning a cell phone into the office will be required to have one on file. Any student not adhering to this policy and caught with a cell phone in their possession will be suspended for one academic day; the suspension policy will be effective for that academic day.

10. Enrollment and Student Records

10.1 Enrollment and Re-enrollment Procedures

Families who do not submit completed enrollment paperwork including, but not limited to, Letters of Intent to Return by the stated deadline will forfeit their current seat. If seats become available after the enrollment period, they will be offered to wait-listed students in the order determined by the lottery. Any remaining seats will then be filled on a first-come, first-served basis.

10.2 Lottery Policy

If the number of applicants exceeds the available seats in any grade, a random lottery will be conducted to determine admission. In accordance with the school's Charter Contract and applicable law, priority will be given to designated applicant groups, such as currently enrolled students' siblings. The lottery will also establish the order of the waitlist.

10.3 Entry Age for Elementary

A child is eligible to enroll in kindergarten if he or she is at least five years of age on or before **September 1** of the school year of enrollment. A child becoming six years of age before December 1 must be enrolled in school on the first day of the school year in which the child's sixth birthday occurs or must satisfy one of the exceptions stated in law. A child must remain in school until at least their

10.4 FERPA Rights and Student Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), parents and guardians and eligible students have the following rights:

- The right to inspect and review the student's education records maintained by the school.
- The right to request the amendment of records believed to be inaccurate or misleading.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except where FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with FERPA requirements.

FERPA rights transfer from the parent to the student once the student turns 18 or enters a postsecondary institution (eligible student). Requests to inspect or amend records should be submitted in writing to the school administration

10.5 Protection of Pupil Rights Amendment (PPRA)

WCA values transparency and respects the rights of families. Under the federal Protection of Pupil Rights Amendment (PPRA), parents and guardians and eligible students (18 years or older) have the right to:

- Inspect instructional materials and surveys before they are administered.
- Opt their child out of participation in surveys that include sensitive information, such as political beliefs, mental health, sexual behavior, illegal behavior, or family income (other than as required by law).
- Be notified of any physical exams or screenings not required by state law.
- Review and decline the sharing of student information with third-party marketers or surveyors.

Questions or concerns may be directed to the school office or school leader.

10.6 Directory Information and Opt-Out Form

According to Board Policy 8330, WCA may disclose appropriately designated "directory information" without written consent unless the parent or adult student advises the

school to the contrary by filling out, signing, and returning the Directory Information Opt-Out Form to the WCA office. The primary purpose of directory information is to allow the school to include this information in certain school publications.

The following list of uses are those WCA would commonly disclose a student's directory information.

Common Uses of Directory Information

- Playbill /Event Program
- Annual Yearbook
- Honor Roll or other recognition
- Graduation Programs
- Sports and Activity Sheets
- Colleges or post-high school institutions

Directory information, generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or adult student's prior written consent. Two (2) Federal laws require the Board to provide military recruiters, upon request, with three (3) directory information categories, names, addresses, and telephone listings unless parents and guardians or adult students have advised WCA that they do not want their student's information disclosed without their prior written consent.

Directory Information

- Student's name
- Participation in officially recognized extra-curricular activities/sports
- Height and weight, if a member of an athletic team
- Date of graduation
- Achievement awards or honors received; honor rolls
- Scholarships
- Photographs or videos of students participating in school activities, events, or programs

The Board will make the above information available upon a legitimate request unless a parent, guardian, or adult student has opted out of the provision of this information by returning the [Opt-Out Form](#) to the WCA Office within 14 days of receipt. Directory information will not be provided to any organization for profit-making purposes. If you do not wish to opt out of any of the above common uses, you do not need to take any action.

11. Family Partnership

At the heart of our academy's success is a strong partnership between home and school. We believe that families are more than just supporters of their child's education; they are essential partners in shaping a thriving school community. When schools and families work together, students are more motivated, confident, and successful.

We invite and encourage every family to be actively engaged in their child's academic, social, and character development. Whether through volunteering, attending events, or participating in classroom and school-wide activities, your involvement makes a meaningful impact. Together, we create a culture where every child is known, supported, and inspired to reach their fullest potential.

11.1 Partnership in Responsibility Statement

The Student-Parent-Teacher Compact outlines the shared responsibilities of families, school staff, and students to support academic achievement and a positive school environment. It includes specific commitments from students, parents or guardians, teachers, and the principal. This compact is an important part of the WCA's family engagement efforts and is included in the Code of Conduct to ensure all stakeholders understand their role in fostering student success.

11.2 Parents' Rights and Responsibilities

At WCA, we believe in the foundational role families play in a child's education. We recognize that parents and guardians have a constitutionally protected right to direct the upbringing, education, and care of their children, and we strive to work in full partnership with families while upholding our responsibility to provide a safe, inclusive, and academically rigorous environment for every student.

WCA is committed to transparency, open communication, and meaningful collaboration with parents. We value feedback, encourage involvement, and expect that all interactions between families and staff remain courteous and constructive.

Families have the right:

- To know that their child is cared for in a safe, supportive environment.
- To access their children (unless prohibited by a court order).

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- To review curriculum and request that their child be excused from instructional content that conflicts with their sincerely held religious beliefs, in accordance with applicable law.
- To receive timely communication about behavioral, health, safety, or academic concerns affecting their child.
- To access school staff during normal school hours, by appointment.
- To review teacher credentials in alignment with Board Policy 2261.02 BP.
- To review their child's educational records in accordance with FERPA (Family Educational Rights and Privacy Act).
- To participate in public comment at board meetings and engage in school governance as permitted by law.

Parents and Guardians Have the Responsibility To:

- Provide accurate and up-to-date emergency and contact information to the school.
- Notify the office promptly when their child will be absent or late.
- Follow school procedures for drop-off, pick-up, early dismissals, and other attendance-related matters.
- Cooperate with staff to support their child's academic, behavioral, and social-emotional development.
- Communicate respectfully with teachers, administrators, and school staff.
- Stay informed by reading school communications and reviewing school policies outlined in this handbook.
- Inform the school of significant changes at home (e.g., custody arrangements, family transitions, trauma) that may affect the student's behavior or wellbeing at school.
- Model positive engagement by attending parent-teacher conferences, school events, and educational workshops when possible.

We ask all parents and guardians to view themselves as active partners in our school community. When home and school work together in trust and transparency, children thrive.

11.3 Helping Your Child Succeed

Parents and guardians play a critical role in a child's academic, emotional, and behavioral success. When families create consistent, supportive routines and maintain a positive attitude toward learning, students are more confident, motivated, and prepared to thrive.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

To help contribute to a strong foundation for your child's success at school, consider the following:

- Begin each day calmly. A peaceful start helps your child feel ready to learn.
- Ensure adequate sleep. Well-rested students are more focused, emotionally regulated, and better equipped to meet academic challenges.
- Promote healthy eating habits. A balanced breakfast and nutritious meals support energy, mood, and brain function.
- Establish consistent routines at home. Predictable mealtimes, screen time limits, bedtimes, and dedicated study time create a secure environment and reduce stress.
- Support regular school attendance. Every day of instruction matters. If your child is healthy, send them to school ready to learn. If they are sick, allow them to rest and recover at home.
- Celebrate effort and growth. Praise your child's hard work, progress, and perseverance, not just high grades or outcomes.
- Stay in communication with teachers. Share information about family situations or changes that may affect your child's mood, focus, or behavior.
- Designate a home base for school materials. Create a special place for backpacks, school papers, and communication from teachers so nothing gets lost in the shuffle.
- Encourage daily reading. Read to your child, listen to them read, or talk about what they're reading independently. Model lifelong learning by reading for pleasure yourself.
- Promote independence. Teach your child to take responsibility for their belongings, complete tasks on their own, and ask for help when needed.
- Practice school skills at home. Reinforce what your child is learning by reviewing concepts, playing educational games, or completing short review activities together.

Your encouragement, consistency, and involvement send a powerful message to your child that learning is valuable and worth the effort. A strong partnership between home and school lays the groundwork for lifelong success.

11.4 Student- Parent-Teacher Compact

The Student-Parent-Teacher Compact outlines the shared responsibilities of families, school staff, and students to support academic achievement and a positive school environment. It includes specific commitments from students, parents or guardians,

teachers, and the principal. This compact is an important part of the WCA's family engagement efforts and is included in the Code of Conduct to ensure all stakeholders understand their role in fostering student success.

11.5 Volunteer Guidelines and Background Checks

WCA welcomes and encourages volunteers to support our school community. All volunteers must undergo an I-CHAT background check. This check ensures individuals have not been charged with child abuse, neglect, or serious criminal offenses.

WCA reserves the right to approve or deny volunteer service based on the results of the background check and the individual's fitness to work with children. Providing false or misleading information, or discrepancies between submitted information and background check results, may result in immediate denial or revocation of volunteer privileges.

All volunteers must sign in at the front office! A visitor badge will be presented and must be worn visibly at all times while on school grounds. Volunteers are expected to comply with all WCA policies and maintain confidentiality regarding any student information seen or heard during their service.

Volunteer opportunities may include tutoring, mentoring, classroom assistance, chaperoning, or speaking engagements. Parents, grandparents, and friends are invited to become involved. Please notify the school office if you are interested in volunteering.

To support student safety, volunteers should avoid using cell phones while working with students. Volunteers may not bring younger siblings to school or on field trips.

In accordance with Board Policy 9150, the School Leader may deny or revoke visitor access if necessary to protect school safety or minimize disruption.

11.6 Visitors

WCA welcomes parents, guardians, and approved guests to visit the school. All visitors must report directly to the front office upon arrival, present a valid photo ID if not known to staff, and sign in using the school's visitor management system. A visitor badge will be issued and must be worn visibly at all times while on school grounds.

Visits to classrooms or other instructional spaces must be pre-arranged with the teacher and approved by the Director to avoid disruption to learning. Visitors may not bring

younger children during school hours without prior approval. Individuals who fail to follow visitor procedures or pose a safety concern may be denied access in accordance with Board Policy 9150.

11.7 Fundraising

Students may solicit only for Academy-sponsored activities. The Director, or Board of Directors, when appropriate, must approve fundraisers in writing prior to announcement of fundraising activities, placing orders, or making commitments. WCA students are prohibited by Board Policy from door-to-door solicitation of any type in the community. There will be no exchange of money among students for any purpose unless authorized by the Director. Any crowd-sourced fundraising requires Director approval.

12. Student Life and Conduct

12.1 School Wide Behavior - PBIS

Students at the WCA have the right to be treated with respect and dignity by both staff and classmates. All students should be included and made to feel welcome in school activities. Teachers promote internal discipline, and staff act as coaches to help students reflect on their choices and grow.

Positive Behavioral Interventions and Supports (PBIS) is a research-based, schoolwide framework designed to teach and reinforce positive behavior, much like academic subjects are taught. It does not eliminate consequences or discipline. Instead, PBIS ensures that expectations are clear, consistently taught, and fairly applied so that students understand how to meet them.

PBIS strengthens the school culture by:

- Providing clear behavior expectations across all settings.
- Modeling and practicing these expectations regularly.
- Teaching students what to do, not just what *not* to do.
- Offering consistent consequences when rules are broken, ranging from redirection to formal discipline.
- Supporting students with the tools to succeed before behaviors escalate.

PBIS supports student accountability and protects instructional time while creating a positive, respectful environment where all students can learn.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

12.2 Suspension and Expulsion Procedures

Students who exhibit disobedient, disruptive, violent, disrespectful, threatening, or otherwise harmful behavior may face disciplinary consequences, including detention, in-school or out-of-school suspension, or expulsion. Any student suspended during the school year may be ineligible to participate in overnight field trips.

A student whose behavior poses a risk to the safety or well-being of the school community may be removed from the learning environment. Suspensions of 10 days or fewer may be assigned by the Director or designee following an investigation and opportunity for the student to be heard. Suspensions longer than 10 days, or expulsions, require a formal process and written notice to families, including a hearing and opportunity to present evidence.

Before issuing a suspension over 10 days or recommending expulsion, the school will consider the seven required factors under Michigan law (MCL 380.1310d), including the student's age, disciplinary history, disability status, seriousness of the behavior, and the use of restorative practices or other alternatives.

The school may use restorative practices as an alternative to, or in addition to, suspension or expulsion when appropriate. Additional details and procedural rights are outlined in the Code of Student Conduct.

12.3 Restorative Practices

In compliance with Michigan law, WCA considers restorative practices alongside PBIS and traditional discipline measures to build a school culture where students take responsibility for their actions, repair harm, and restore relationships. Restorative practices are not a replacement for consequences but a way to address the root causes of behavior and rebuild trust. Examples of restorative practices include:

- Reflective conversations
- Restorative circles
- Behavior agreements
- Mediated apologies
- Family or support team meetings

When appropriate, restorative strategies may be used before, during, or after a consequence such as detention or suspension. These strategies are not used in place of discipline when safety is compromised or laws are broken. Instead, they support

[RETURN TO TABLE OF CONTENTS](#)

long-term behavior change and help students return to the learning environment successfully.

This approach ensures accountability, fairness, and growth without lowering expectations for student behavior.

12.4 Seclusion and Restraint

WCA complies with Michigan's policy prohibiting seclusion and restraint except in cases where a student's behavior poses an imminent risk to the safety of the student or others. All interventions used are in accordance with state law and staff are trained annually in approved techniques. A written report will be provided to the student's parent or guardian if such an incident occurs.

12.5 OK2Say Student Safety Reporting

The safety and well-being of our school is a shared responsibility. WCA utilizes OK2SAY as our confidential student safety reporting program. OK2SAY is for students to report concerns such as threats of violence, bullying, self-harm, abuse, or other behaviors that may place someone at risk. WCA encourages students to see something, say something.

Reports are received and evaluated by the Michigan State Police OK2Say program and then reported to school officials for follow-up. Every report is taken seriously. Students are encouraged to report concerns to a trusted adult whenever possible, and OK2SAY is available 24/7 as a confidential reporting option.

In accordance with Michigan law, OK2SAY information is available on WCA's website.

12.6 Threat Assessment and Management Policy

WCA uses the Michigan K-12 Behavioral Threat Assessment and Management (Mi-BTAM) model as part of a proactive and student-centered approach to promoting safety and well-being. BTAM is an evidence-based process designed to identify, assess, and manage threatening or concerning behaviors before they escalate. It is not a disciplinary tool or criminal investigation, but rather a compassionate intervention process focused on violence prevention and student support.

When behaviors arise that could pose a threat to school safety, a multidisciplinary team composed of school administrators, mental health professionals, special education staff,

[RETURN TO TABLE OF CONTENTS](#)

and others trained in BTAM protocols collaborates to assess the situation. The team uses a fact-based, case-specific process to gather information, evaluate concerns, and develop an individualized support and intervention plan that addresses both student needs and school safety. Information may be gathered through interviews with students, staff, parents or guardians, review of relevant school records, and other lawful sources to develop a complete understanding of the situation and identify appropriate interventions. The process respects the rights of students under applicable laws, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and the Family Educational Rights and Privacy Act (FERPA).

In situations where a student with an Individualized Education Program (IEP) or Section 504 plan is involved, the BTAM team works closely with the student's special education team to ensure compliance with legal requirements and to develop supports tailored to the student's unique needs. The emphasis is on early identification and positive intervention, not punishment or exclusion. BTAM is not zero tolerance, profiling, or adversarial in nature. It is a thoughtful, student-focused practice designed to foster a safe and inclusive school culture.

Parents and guardians are important partners in the BTAM process. School leaders may speak with students during the school day as part of the BTAM process when necessary to evaluate and address potential safety concerns. While parental permission is not required for these conversations, WCA is committed to involving parents and guardians as early as appropriate in the process, unless immediate notification would compromise student safety or the integrity of the assessment. Families will be informed of concerns, the steps being taken to support the student, and opportunities to participate in developing intervention and support plans. The school is committed to handling all matters with discretion and respect while protecting the privacy of those involved and fulfilling its responsibility to maintain a safe school environment.

12.6.1 Digital Safety

WCA takes digital safety seriously. We reserve the right to monitor student use of district networks and internet access. Students should report security concerns to staff immediately. All students should use technology responsibly and safely, all users must follow the Acceptable Usage Policy. See section 9.1 for more information.

12.6.2 Digital Threat Prevention

Protecting students extends beyond the school building. When WCA becomes aware of credible concerns involving threats of violence, suicide, self-harm, exploitation, or other behaviors that may jeopardize school safety, trained personnel may review publicly

available online information as part of the Behavioral Threat Assessment and Management (BTAM) process. Reviews are conducted only when there is a legitimate safety concern, follow applicable laws and Board policy and are intended to identify students who may need intervention or support before a crisis occurs. WCA does not require students to provide passwords to personal social media accounts.

12.7 Mandatory Reporting of Child Abuse or Neglect

All staff members at WCA are considered mandated reporters under Michigan's Child Protection Law. This means they are legally required to report any suspected abuse or neglect of a child to the Michigan Department of Health and Human Services. Reports are made to protect the safety and well-being of all students and are kept confidential to the extent allowed by law.

12.8 Playground and Lunchroom Behavior

WCA expects students to demonstrate respectful, responsible behavior in the lunchroom and on the playground, just as they would in the classroom. Students are to follow adult directions, treat others with kindness, use equipment safely, and help maintain a clean and orderly environment. These spaces are extensions of the learning environment, and behavior in them should reflect WCA's Code of Conduct, support a positive school culture, and preserve the safety and well-being of all. Students are responsible for their actions and will be held accountable for behavior that disrupts the order necessary for learning or violates the rights or safety of others.

12.9 Interrogations and Searches

12.9.1 Student Searches by School Staff and Privacy

In accordance with Board Policy 5771 and to maintain a safe and orderly learning environment, school administrators may search student belongings when there is reasonable suspicion that a school rule or law has been violated. This includes backpacks, bags, lockers, desks, cubbies, electronic devices, vehicles on school property, and other personal belongings.

Students do not have a reasonable expectation of privacy in school-owned property, including lockers, desks, and other school-issued storage areas. These areas may be inspected at any time and are subject to routine checks.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Searches of a student's person or intimate personal belongings will occur only in exceptional circumstances when the health or safety of the student or others is immediately threatened. Such searches will be conducted by a staff member of the same gender, with another adult present whenever practical, unless immediate action is necessary to protect health or safety.

When practical, the student will be informed of the reason for the search and the items the school is seeking. Items prohibited by law or Board policy may be confiscated and turned over to law enforcement or other appropriate authorities when required. Parents or guardians will be notified as appropriate.

The school may coordinate with law enforcement to conduct canine searches of lockers, vehicles, or common areas when appropriate. These searches do not include the search of an individual student without the legal authority required by law.

All searches will be conducted respectfully, privately, and in accordance with Board Policy 5771. Written documentation of the search and any items confiscated will be maintained by the Director.

12.9.2 Interrogations by Law Enforcement or Outside Agencies

The school has legal custody of students during the school day and at school-sponsored events. Consistent with Board Policy 5540, it is the responsibility of school leadership to protect students' rights during any interaction with law enforcement or outside agencies.

When a student must be questioned at school by law enforcement or agency officials:

1. A school administrator or designee will be present during the interview. If no school representative is immediately available, questioning will be delayed until one can be present, unless there is an immediate safety concern.
2. The school will make every reasonable effort to notify a parent or guardian prior to the interview. This includes contacting all emergency numbers, leaving voicemails when possible, and emailing all addresses on file. Unless there is an imminent threat, questioning will be delayed for up to one hour to allow for parent response.
3. If the student is taken into custody, the school will request that law enforcement officials follow all applicable legal procedures, including informing the student of their rights.
4. As required by law and outlined in Board Policy 5540, the school permits child protective services investigators (e.g., from the Department of Health and Human

Services) to interview students on school premises without parent notification or school staff presence in cases involving suspected abuse or neglect. School personnel do not participate in or attend these interviews.

12.10 Prohibition of Harassment, Intimidation, Bullying, and Hazing

WCA is committed to providing a safe, respectful, and orderly learning environment and will not tolerate harassment, intimidation, bullying (including cyberbullying), or hazing of any kind.

Bullying and cyberbullying are prohibited on school property, in school-related vehicles, at school-sponsored activities or events, and through the use of electronic communication or telecommunications devices owned or controlled by WCA. Bullying or cyberbullying that occurs off school grounds but causes a substantial disruption to the educational environment may also result in disciplinary action.

Bullying includes any written, verbal, physical, or electronic communication, including cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more students, either directly or indirectly. Any reference to bullying includes cyberbullying.

Hazing is strictly prohibited. Hazing includes any intentional, knowing, or reckless act directed against a student for the purpose of initiation into, affiliation with, holding office in, or maintaining membership in any group, team, or activity, regardless of the student's willingness to participate. Hazing is prohibited under Michigan law (MCL 750.411t) and may result in school disciplinary action and referral to law enforcement.

WCA implements Board Policy 5517.01, which establishes reporting and investigation procedures and provides for education and appropriate disciplinary action to prevent future incidents. Students and families are encouraged to review the policy, discuss it together, and promptly report any observed or suspected incidents to a teacher, administrator, or other trusted school employee. Academy employees are required to report suspected incidents in accordance with Board policy.

Violations of this policy may result in disciplinary action, up to and including suspension or expulsion. Conduct that violates state or federal law may also be referred to the appropriate authorities.

12.11 Non-Discrimination and Sexual Harassment

WCA does not discriminate against applicants, employees, or students on the basis of race, color, religion, sexual orientation, gender, gender identity, disability, age, national origin, political belief, marital status, sex, age, height, or weight in its programs or activities. In addition, students and families who believe they have experienced discrimination based on race, color, or national origin may file a complaint under Title VI of the Civil Rights Act of 1964. Complaints may be submitted through the school's internal grievance process or directly to the Michigan Department of Education, Office of Civil Rights, or the U.S. Department of Education, Office for Civil Rights.

Sexual harassment will not be tolerated in WCA employment practices and/or educational programs or activities.

Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Age Discrimination Act of 1975, or any other federal or state regulations, may be directed to the School Leader, the Michigan Department of Education, or the Director of the Office of Civil Rights, U.S. Department of Education.

Sexual Harassment

WCA is committed to providing a working and learning environment based on dignity and respect, free of harassment or intimidation. All those associated with WCA are expected to foster a climate that is supportive, respectful, and conducive to teaching and learning. Title IX of the Education Amendments of 1972 (Title IX) and the Department of Education's implementing regulations prohibit discrimination based on sex in federally assisted education programs and activities.

"Sexual harassment is unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student can deny or limit, based on sex, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. Sexual harassment of students is, therefore, a form of sex discrimination prohibited by Title IX under the circumstances provided in this guidance" ("Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, U. S. Department of Education, Office for Civil Rights, January 2001).

Sexual harassment is among the behaviors that are destructive to a positive working and learning climate, and as such is prohibited by state law, federal law, and school

board policy. Any member of the school community who engages in sexual harassment as defined below will be in violation of this policy. The Employee Manual is explicit in its discussion of sexual harassment and consequences of inappropriate behavior by employees.

This policy encompasses behavior of adults towards adults or students, and students towards students or adults.

DEFINITION:

It is a violation of this policy when a person makes any sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejections of advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of benefits, privileges, employment or placement services or as a basis for the evaluation of academic achievement; or such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's education or career by creating an intimidating, hostile, humiliating or sexually offensive educational or employment environment.

Sexual harassment, as defined above, may include, but is not limited to, the following:

- Verbal or written harassment or abuse,
- Pressure for sexual activity,
- Repeated remarks to a person with sexual or demeaning implications,
- Unwelcome touching,
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats including, but not limited to, one's grades, and job.

Retaliation of any form, including threats, intimidation, reprisal or harassment, towards any person who makes a sexual harassment complaint, or who assists in or participates in an investigation, proceeding, or hearing is unlawful and will not be tolerated and can be considered grounds for dismissal of staff and/or removal of a student from school.

FALSE REPORTS:

False (fabricated) claims of sexual harassment can cause permanent damage to the victim of such claims and must therefore be treated as a very serious matter. A false claim may be considered grounds for dismissal of staff, or discipline including the removal from the educational setting for a student, who makes a false claim.

CONFIDENTIALITY:

Reports and complaints of sexual harassment will be kept as confidential as possible consistent with the rights of all parties.

SEXUAL HARASSMENT GRIEVANCE OFFICER:

The Board of Directors has appointed the Chief Administrative Officer, or their designee, as the Grievance Officer who will be responsible for processing all sexual harassment complaints in accordance with the procedure outlined below.

COMPLAINT PROCEDURES:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, the victim should make clear to the harasser that the behavior is offensive and must stop. If the victim is uncomfortable in addressing the harasser they should be made to feel comfortable talking to a trusted adult or a member of the school leadership team. If the harasser does not stop the behavior or the victim is uncomfortable confronting the harasser, or if the behavior warrants further action in the opinion of the victim, the victim should lodge a complaint with the School Leader/Title IX officer/contact.
2. Upon receipt of a written formal complaint submitted by the complainant, their parent or guardian, or signed by the Title IX Coordinator, the school will initiate the Title IX grievance procedure in accordance with 34 CFR §106.45. The respondent is presumed not responsible for the alleged conduct until a final determination is made following a thorough and impartial investigation. The complaint should be as specific as possible, including names, dates, times, places, witnesses, and specific words or actions which were experienced as offensive. In cases involving students,

the student's parents and guardians will be notified immediately of the complaint, the steps to be followed, and the ways in which they will be involved in the process.

3. All complaints of sexual harassment will be promptly investigated. Depending on the circumstances, the investigation may encompass any or all of the following:
 - a. The alleged victim may write a letter to the alleged harasser describing the offensive behavior, the circumstances under which it took place, the way the behavior made the victim feel, and requesting that the harasser apologize and promise not to repeat the behavior. The School Leader/Title IX officer or assigned investigator will then meet with the alleged harasser, hear the harasser's account of the situation, present the victim's letter, and discuss the matter.
 - b. Where appropriate in the opinion of the School Leader/Title IX officer or assigned investigator a meeting will be held between the alleged victim and the alleged harasser to clarify the facts and to attempt to mediate a resolution.
 - c. The School Leader/Title IX officer or assigned investigator may interview all parties and witnesses to the alleged harassment.
4. In cases of alleged student harassers, the School Leader/Title IX officer or assigned investigator will determine if these facts constitute harassment. Disciplinary consequences such as detention, suspension, or expulsion consistent with school rules may be implemented. In cases of alleged adult harassers, the School Leader/Title IX officer or assigned investigator will report the facts of the alleged harassment and will determine if these facts constitute harassment. The School Leader/Title IX officer or assigned investigator will recommend to the Board of Directors appropriate action, which could include disciplinary action up to and including termination of employment by Choice Schools Associates, LLC.
5. If disciplinary steps are taken, copies of the reports of facts and the written decision will go to the harasser, the personnel file in cases of adult harassers, and to the parents and guardians in cases of student harassers. The victim, and his or her parents, if the victim is a student, will also be informed of the determination as to whether harassment occurred.
6. Repeated or extreme forms of harassment, violence, or civil rights infringements will result in a recommendation for expulsion or termination from WCA.

The School Leader/Title IX officer or assigned investigator will make complete records of all sexual complaints, facts, steps taken, determinations, and resolutions, and those records will be securely maintained in the School Leader's office for a minimum of

seven years, or longer if required due to ongoing litigation, appeals, or state/federal audit requirements.

WCA follows a Title IX grievance procedure consistent with 34 CFR §106.45. This includes a clear standard of evidence (preponderance of the evidence), offering supportive measures regardless of whether a formal complaint is filed, and ensuring equitable treatment of complainants and respondents. In accordance with Title IX regulations, K–12 schools are not required to hold live hearings as part of the grievance process. Instead, a trained, impartial decision-maker will objectively review all evidence gathered during the investigation and make a final determination based on the preponderance of the evidence standard. Both parties will have equal opportunity to submit and review relevant documentation and to appeal the final outcome.

The school does not presume the respondent responsible prior to the conclusion of the investigation.

STATE and FEDERAL REMEDIES:

In addition to the above, if someone believes he/she has been subjected to sexual harassment, he/she may file a formal complaint with either or both governing agencies set forth below. The complaint process does not prohibit filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days; MCAD - 6 months).

2. State of Michigan

12.12 Title VI Non-Discrimination Policy

In accordance with Title VI of the Civil Rights Act of 1964, WCA does not discriminate on the basis of race, color, or national origin in the administration of its educational programs or activities, including those that receive federal financial assistance.

Any student or parent/guardian who believes they have been subject to discrimination under Title VI may contact the School Leader or designated Title VI Coordinator to file a concern or complaint. WCA will respond promptly and equitably to all reports.

Violation of this policy will result in disciplinary action, which may include suspension or expulsion, as well as notification to law enforcement and parents or guardians. The school retains the right to require medical evaluation or drug testing when there is reasonable suspicion of substance use.

In accordance with Michigan law and school board policy, students may be referred for educational or rehabilitative services when appropriate.

12.15 Weapons and Dangerous Objects Policy

In accordance with the federal Gun-Free Schools Act and Michigan state law, students shall not possess, use, transport, handle, or conceal any dangerous weapons or look-alike weapons on school property, in school vehicles, or at school-related functions.

A dangerous weapon includes, but is not limited to: firearms, knives, stun guns, explosives, air guns, and martial arts weapons. “Look-alike” weapons that appear to be real or are used in a threatening manner will be treated as actual weapons.

Possession of a firearm on school property, in a school vehicle, or at a school-sponsored event will result in a mandatory expulsion of at least one school year, as required under the Gun-Free Schools Act and MCL 380.1311. The expulsion may be modified by the Board of Directors on a case-by-case basis. All

12.17 Code of Conduct and Discipline Policy

A PARTNERSHIP IN RESPONSIBILITY

WCA is committed to respect for the rights of others. Rules governing discipline and conduct are written so that parents, students, teachers, and administration know what is expected of students. By working together under clearly stated and consistently enforced regulations, we can administer firm, fair and consistent discipline practices as called for by the US Department of Justice.

Parents, teachers, staff, administration, and the board of directors are responsible for helping students develop self-discipline and learn social skills required for work and college. The Code of Student Conduct delineates the partnership that the school and the larger-community share across several broad concepts.

- Environment, which includes the climate of the school;
- Education, which includes preparation and work habits;
- Respect, which includes treatment of others;
- Participation, which includes involvement in school activities; and
- Expression, which includes dress and verbal and nonverbal issues.

These broad concepts appear in each statement of responsibilities contained in this handbook.

Beliefs

The following beliefs guided the development of the Code of Student Conduct:

1. That schools must be safe and secure for students and staff.
2. That students have rights and responsibilities in the learning environment.
3. That the school is for instruction and learning, and anything that distracts from the learning process must be dealt with by the administration, faculty, and staff within progressive and positive discipline practices.
4. That students and their parents should be knowledgeable of school and classroom rules.
5. That students have a responsibility to exercise self-control over their own behavior and that teachers and support staff have the responsibility to teach students good social skills and acceptable behaviors.
6. That the responsibility for discipline is shared among students, school personnel, the Board of Directors and parents.
7. That the school respects differences in discipline practices at home as long as they are within parameters of the law.
8. That students, who violate school and classroom rules, must be afforded their rights to due process, which are procedurally, morally, and legally fair and correct.
9. That students, when they violate school and classroom rules, should be assigned corrective measures with the purpose of teaching good social behaviors.
10. That disciplinary measures should be progressive, corrective, and preventive, unless the safety of students is an issue.
11. That disciplinary measures should be firm, consistent, and fair.
12. That the disciplinary measures of the school should be a problem-solving process and should focus on the causes of the infraction and learning acceptable behaviors.
13. That the assigning of disciplinary measures should be reasonable.
14. Students who commit criminal acts, should be administered measures that are severe and swift when the safety of the general school population is at issue.

2. Encourage and support participatory decision-making.

Expression

1. Provide Policies regarding appropriate expressions by students, parents, teachers, and other staff members consistent with federal, state and local laws.
2. Ensure and protect freedom of expression for all students, parents and caretakers, publics, and constituencies.

GUIDELINES FOR STUDENT BEHAVIOR AND DISCIPLINE POLICY

Director, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that Will Carleton Academy is in session. Students are expected to be at school every

possible day because they miss valuable instructional time and fall behind in their studies. Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

It is the parent/guardian's responsibility to get their child to school.

- Missing just five days of school means 30 hours of missed instruction.
- Starting in kindergarten, there is a direct link between absences and reading level.
- One in ten kindergarten and first grade students is chronically absent.
- Students who are chronically absent are 7.5 times more likely to drop out of high school.

WHAT CAN YOU DO?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Don't let your child stay home unless he or she is really sick. A stomachache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.
- Talk to your teacher or the Director if you need additional help or resources

Parents are asked to call the school office 586.574.2480 to notify the school of their child's absence whenever their child will be absent from school. Parents are encouraged to notify the office prior to AM.8:30AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Excused absences may be granted for the following reasons:

- a. Illness of the student. The Director may require a doctor's statement. A doctor's statement of illness must be presented if a student is absent more than three consecutive days or more than ten absences during a semester.
- b. Illness in the immediate family, which requires absence of the student from school.
- c. Death in the immediate family (should not exceed five days).
- d. Recovery from an accident.
- e. Required court appearance. Parents are asked to notify the school in advance.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- f. Professional appointments. Parents need to notify the school in advance of the appointment and are encouraged to have the child return to school after the appointment.
- g. Religious holidays regularly observed by persons of the student's faith, provided the parent has given written notice in advance of the absence.
- h. Absences for other reasons as approved by the Director upon request of the parent.

Upon return to school, a student is to check with his or her teacher(s) to schedule make-up work.

When a student accumulates 12 absences, the parents will attend a mandatory meeting with the Director. This meeting will determine the course of action that will be taken, which may include the development of an attendance contract, an absenteeism report submitted to the truancy officer, possible withdrawal from the school, and possible petition to the juvenile court. If the family chooses not to participate in the meeting, or the student does not uphold the attendance contract, an absenteeism report will be submitted to the county truancy officer. Students who are chronically absent may be recommended for retention.

When a student is absent from school for ten consecutive days without knowledge of the Director, the student will be withdrawn from Will Carleton Academy and the student's directory information will be reported to the truancy officer of the intermediate school district and other state and local agencies. The Director will attempt to make contact with the student's parent/caretaker during the period of consecutive absences.

Student Arrival and Dismissal

Arrival and dismissal of students will be supervised by staff 15 minutes before school starts and 15 minutes after school dismisses. Parents may circle through the parking lot and drop-off their children at the entrance of the school; children should proceed to their designated area with their teacher. If you need to enter the building, you may park in the designated parking area. Students who are leaving school at the end of the school day are to be picked-up at the end of last regular class time. Students are to be picked-up by a parent/guardian or person designated by the parent/guardian. Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after the school day begins for all students. Teachers are expected to begin opening exercises promptly and transition smoothly into instruction. A tardy student must report to the office upon arrival. It is the parent/guardian's responsibility to notify the office of a late arrival. The office will provide the student with a tardy pass for admittance to class.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

A student who is tardy three times will receive a warning letter sent home to the parents for the parent's signature. If a student receives 6 unexcused tardies, an attendance intervention plan will be developed with the student, parent and the Director. Tardy students interrupt learning for other students.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

1. Serious illness (accompanied by a parent's note or written doctor's notice)
2. Death in the family
3. Legally required presence at a court proceeding
4. School sponsored co-curricular and extra-curricular activities
5. Religious observations
6. Severe weather, fires, family tragedies
7. Pre-arranged late arrival approved by the Director

When a child is tardy between classes, it is the responsibility of the student to receive a pass from the previous teacher. Teachers are encouraged to assist students in transition to the next class. Students arriving in the classroom after the start of class will be considered tardy. State guidelines require that all attendance must be documented and reported to the local Intermediate School District, including late arrivals.

Early Dismissal

The student may need to leave school during the school day. Early dismissal requests need to be called into the school office at 586.574.2480. Early dismissals are not permitted after 3:00PM. Students will only be released to parents and adults designated by the parent/caretaker. In child custody situations, the custodial parent must properly inform the school of any limitations. Excessive early dismissals will be viewed similarly to tardies. Michigan law calls for students to receive 1,098 hours of instruction.

Textbooks, Library Books, and Instructional Materials

Students are responsible for the care and timely return of all textbooks, library books, technology, and other instructional materials issued by WCA. Materials should be returned in the same condition in which they were issued, excluding reasonable wear from normal use.

Parents/guardians are financially responsible for the repair or replacement cost of any lost, stolen, or damaged materials beyond normal wear and tear. WCA will determine whether an item requires repair or replacement and assess fees accordingly.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Students with outstanding obligations for lost or damaged materials may be restricted from receiving replacement materials, participating in certain school activities, or obtaining transcripts, diplomas, or other records to the extent permitted by law and Board policy until the obligation has been resolved.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

1. Material that reasonably leads the principal or teacher to forecast substantial disruption of, or interference with, school activities or that endangers the health or safety of students;
2. Material that is libelous or slanderous - statements that are inaccurate or false statements that injure the person as to his or her reputation, cause personal humiliation, mental anguish, and suffering or other injuries;
3. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Michigan, the County or the City of residence;
4. Material that is obscene as defined in the Michigan School Code, as amended.
5. Material, communications, and or actions that are considered to be bullying as defined in the Michigan School Code, as amended, and in Board Policy and administrative guidelines.

Distribution of Literature by Students and Nonstudents

The director or his/her designee shall coordinate distribution or display of literature by students enrolled in the school. The material must be approved by the director, must not be in violation of applicable board of directors' policy, and must bear the name of the sponsoring individuals or school organizations.

Prohibition of Harassment, Intimidation, Bullying, and Hazing

WCA is committed to providing a safe, respectful, and orderly learning environment and will not tolerate harassment, intimidation, bullying (including cyberbullying), or hazing of any kind.

Bullying and cyberbullying are prohibited on school property, in school-related vehicles, at school-sponsored activities or events, and through the use of electronic

communication or telecommunications devices owned or controlled by WCA. Bullying or cyberbullying that occurs off school grounds but causes a substantial disruption to the educational environment may also result in disciplinary action.

Bullying includes any written, verbal, physical, or electronic communication, including cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more students, either directly or indirectly. Any reference to bullying includes cyberbullying.

Hazing is strictly prohibited. Hazing includes any intentional, knowing, or reckless act directed against a student for the purpose of initiation into, affiliation with, holding office in, or maintaining membership in any group, team, or activity, regardless of the student's willingness to participate. Hazing is prohibited under Michigan law (MCL 750.411t) and may result in school disciplinary action and referral to law enforcement.

WCA implements Board Policy 5517.01, which establishes reporting and investigation procedures and provides for education and appropriate disciplinary action to prevent future incidents. Students and families are encouraged to review the policy, discuss it together, and promptly report any observed or suspected incidents to a teacher, administrator, or other trusted school employee. Academy employees are required to report suspected incidents in accordance with Board policy.

Violations of this policy may result in disciplinary action, up to and including suspension or expulsion. Conduct that violates state or federal law may also be referred to the appropriate authorities.

Anti-Bullying Policy

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of Will Carleton Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, board members, parents, guests, contractors, vendors and volunteers, is prohibited. All pupils

are protected under this policy and bullying, and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definition of Bullying

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

1. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
2. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
3. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
4. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

1. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
2. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or
3. public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
4. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
5. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of

the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the ESP. Complaints against the ESP shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The ESP or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

Will Carleton Academy may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

1. Are initiated by the victim;
2. Are approved by the victim’s parent or legal guardian or, if the victim is at least 15, by the victim;

3. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the “restorative practices team”); and
4. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

Will Carleton Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals. The Director is the school official responsible for ensuring that this policy is implemented.

Confidentiality

Will Carleton Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The Director, or the Director’s designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator’s parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

Notification

This policy will be annually circulated to parents and students, and shall be posted on the Will Carleton Academy website.

Reporting

As required by state statute, Will Carleton Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department. As required by state statute, the Will Carleton Academy’s procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

In accordance with the mission statement of Will Carleton Academy and its philosophy, students will be responsible for displaying respectful behavior to the teachers, to other students, and on the campus of Will Carleton Academy in general. The qualities that Will Carleton Academy would like to develop in students include honesty, respect for others, unselfishness, compassion, self-control, and generosity. The staff aims to instill in each student a sense of responsibility to the school community, as well as an understanding that each individual is accountable for his or her behavior.

Students at WCA will be expected to come to school:

- On time - 8:10 a.m.
- In uniform
- With all supplies, homework, and signed assignment book
- With an attitude committed to learning

In addition to being responsible for their own learning, students at WCA will also be expected to respect others' rights to learn by refraining from the following behavior:

Cheating or other forms of dishonesty

- Disrespectful behavior or language toward teachers, administrators, visitors or peers
- Any behavior disruptive to the learning process and environment

DISCIPLINARY ACTION

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of the rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When self-control falters and self-discipline fails, disciplinary action outside the individual must be imposed to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The Director will carry out a positive behavior intervention program to help children, families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness. Positive discipline can be a powerful tool for teaching students to succeed. Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion is considered, Will Carleton Academy shall consider the following factors:

1. the student's age
2. the student's disciplinary history
3. whether the student has a disability
4. the seriousness of the violation or behavior
5. whether the violation or behavior committed by the student threatened the safety of any student or staff member
6. whether restorative practices will be used to address the violation or behavior
7. whether a lesser intervention would properly address the violation or behavior

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Restorative Practices

If Will Carleton Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, they will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

1. Are initiated by the victim;
2. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim;
3. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
4. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Exclusion by Michigan Law

For students in grades 6 and above, Michigan law requires the board of directors to remove a student who possesses a dangerous weapon, unless the student meets an exception in the law, commits arson, criminal sexual conduct, physical assault against a school employee or volunteer, physical assault against another student, bomb threat or similar threat.

The law provides a process for parents/guardians to petition the Board for reinstatement of the student. The Director will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code. The purpose of disciplinary decisions are to develop self-discipline and social skills required for success in college and work. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that

deter teaching and learning.

If a student feels unsafe or threatened, the student or the student's parent/guardian is encouraged to contact the Director immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction. Educators must prioritize keeping students engaged in meaningful learning.

Various types of student misconduct are listed. The list is not all-inclusive and a student who commits an act of misconduct not listed is still subject to disciplinary action.

Discipline Procedures

At all times when students are under school jurisdiction, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions

Disruptive student behavior is subject to disciplinary action by the teacher and/or Director. The Director and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution, peer mediation, anger management, anger prevention, and social skills. Intervention strategies may include anger management and conflict resolution programs for parents. Community based services may be called upon when appropriate.

Actions taken by teachers may include but are not limited to:

1. Daily/weekly progress reports for students and parents
2. Time out in the classroom or other secure, supervised area
3. Conference with the student
4. Oral and/or written reprimand
5. Detention during, before and after school
6. In school alternative with another teacher
7. Relocation to another classroom for a brief period
8. Relocation to blended learning environment
9. Conference with a parent
10. Consultation with a behavior specialist

11. School service assignment
12. Denial of participation in school activities
13. Give students a choice of consequences

A discipline referral should be sent to the Director when the teacher has exhausted all in-classroom actions and feels that the student's improper behavior cannot be corrected through classroom management practices without sacrificing safety and/or learning for other students.

After consultation with the student and the teacher (if needed), the Director or designee will determine the course of action required to provide a safe, secure school. Action taken by the Director or designee toward students who are disruptive may include but is not limited to:

1. A conference with the student and/or the parents
2. A verbal and or written reprimand
3. Consultation with behavior interventionist, social worker, counselor, and outside agencies
4. Entering into Individual Student Behavior Plan between student, parent, and the Director
5. Will Carleton Academy appointed advisor to cooperate with parent/guardian to ensure follow-through of ISBP (Individual Student Behavior Plan)
6. Detention during, before, and after school and on Saturday
7. Focused in school academic alternatives
8. Counseling and psychological services
9. Saturday school

12. Referral of student and parent/guardian to a parent program

14. Recommendation for long-term suspension (more than ten days) with approval of the Director's supervisor and board of directors
15. Recommendation for expulsion with approval of the Director's supervisor

Incorrigible Behavior

A child is incorrigible when the child repeatedly or habitually engages in unacceptable behavior as defined in the Code of Student Conduct and disrupts the school and or classroom to the extent that the Director's and or teacher's authority is being challenged. Incorrigible behavior, and other patterns of behavior, may result in long-term suspension (more than ten school days) of a student from Will Carleton Academy. Parents and adult caregivers enter a partnership in responsibility with the Board of Directors to cooperate with the Director, faculty and staff to demonstrate responsible behavior in situations involving their child. The Director and faculty expect parents/caretakers to share responsibility for each student's responsible actions, academically and behaviorally and to enter a partnership in responsibility.

Patterns of Behavior

1. Parents send and don't support their children at school:
 - a. Parent's low expectations: academic and behavior
 - b. Parent's reluctant to take responsibility for their own actions
 - c. Parent's bad-mouthing school and staff
 - d. Parent's being disrespectful to staff
 - e. Parent's failure to check in properly, disruption of classrooms, and assaulting employees
 - f. Parent's not volunteering and not having school's interests at heart
 - g. Failure of parents to cooperate with school in behavior improvement plan
2. Students not accepting academic responsibility for being on grade level and above.
3. Student failure to attend school responsibly (absences, tardies, and not responsible).
4. Student discipline problems:
 - a. Bringing community issues to school and trying to solve them at school
 - b. Students having low expectations: academic and behavior
 - c. Students are reluctant to take responsibility for their own actions
 - d. Students talking back to teachers
 - e. Rude, disrespectful behavior that escalates into overly aggressive behavior
 - f. Not following teacher directions
 - g. Leaving the classroom without the teacher's permission
 - h. Lying about situations
5. Attitude of Learned Helplessness.

for one school day, up to and including five school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. The Director or designee must provide the student and the parent/guardian with oral and/or written notice of the misbehavior and an explanation of the situation. The parent shall be notified in writing of the action taken. The Director can suspend a student for more than five days and for up to ten days with approval of the Director's supervisor.

- b. **Long-Term:** A student can be suspended for more than ten days following approval of the Director's recommendation by the board of directors or its appointed representative. Long Term Suspension from school excludes the student from regular school attendance and participation in Will Carleton Academy activities until readmitted by the Board of Directors.
- c. **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the Director or designee. Expulsion from school excludes the student from regular school attendance and participation in Will Carleton Academy activities until readmitted by the Board of Directors.
- d. **Notification:** A letter from the Director or designee will be sent to the student's parent/guardians when the student is assigned detention or out-of-school suspension or is recommended for long-term suspension or expulsion.

The suspension notice for *out-of-school suspension (ten or fewer days)* shall include at least the following information:

1. Reason(s) for the suspension and date(s) of suspension are to be clearly stated
2. A parent will be contacted to establish a date and time for a readmission conference with the Director or designee

4. The student will not be allowed to participate in classroom and school activities during the suspension
 5. The student is not to go on school property or attend school activities

Following the conference, the Director will review the facts with his/her supervisor, and they may decide to recommend long-term suspension or expulsion to the board of directors. The Director or his/her supervisor will inform the parent/guardians and student of the recommendation to reinstate with conditions, long-term suspension, or expulsion. If the Director recommends long-term suspension or expulsion, the Director or his/her supervisor will write to the president of the board and send a copy of the notice to the parent(s) including at least the following information:

Second Notice to the Parent/Guardian of Recommendation to the Board of Directors:

5. The right to an adult advocate, including parents, other adult advisors up to and including legal counsel

Subsequently, the Director will follow-up with the student and his or her parent/guardian of the time, place, and location of the hearing with the board of directors or its designee to ensure delivery of the notice and to respond to questions.

Students with Disabilities

Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the Director are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. The Director is responsible for consistency with specific special education procedures.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

The Director may recommend a student with disabilities for long-term suspension or expulsion (greater than ten days) by following these procedures:

1. The Director will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the Director has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
 - a. if the student is eligible for special education services;
 - b. if the student is appropriately placed in a special education program; and
 - c. if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent/guardian will be notified in writing of the time and place of the hearing and its purpose.

Appeal Procedures

The Director can suspend a student for up to five days and for up to ten days with the approval of the Director's supervisor. A suspension over 10 days for a single behavior incident needs school board approval.

There is no right of appeal for discipline decisions of ten (10) school days or less. Nonetheless, should a parent disagree with disciplinary action of the school in these situations, the parent is encouraged to make an appointment with the Director to discuss the decision. If the parent is still dissatisfied after meeting with the Director, the parent may contact the Director's supervisor in writing within three school days of the meeting with the Director to provide the reasons the parent believes the disciplinary action is not warranted. The Director's Supervisor's decision is final.

Long-term suspension of more than ten days and expulsion occur when the Board of Directors or designee terminates the student's rights and privileges to attend school, including extra-curricular and co-curricular activities. Long-term suspension is for eleven (11) to fifty-nine (59) school days, while expulsion is for sixty (60) to one hundred eighty (180) school days. A permanent expulsion is for an indefinite period of time. Reinstatement processes are outlined in Board Policy

Appeal requests must be made in writing by the parents to the Director within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the designee's decision shall be in writing and contain the reason the designee's decision should be reviewed or reconsidered.

Discipline Procedures

Disciplinary action that may be taken includes a verbal warning, infraction, after-school detention, suspension, and/or expulsion. Where applicable, the child will take responsibility for correcting the offense. The severity and nature of the infraction will determine the disciplinary action to be taken. All detentions will be served on the day the infraction occurs. This may be an inconvenience to parents; however, it is important that disciplinary action immediately follows the infraction as a direct consequence. The office staff will call parents to notify them of the after-school detention. Teachers are committed to ongoing communication with parents regarding their child's behavior.

Discipline Policy

The Discipline Policy at Will Carleton Academy has been divided into Minor Infractions and Major Infractions. The outlines of Minor and Major Infractions and their consequences follow

Minor Infractions and Consequences

The following are examples of Minor Infractions:

1. Disrupting class
2. Passing notes of any kind or by any means
3. Repeatedly speaking out without permission
4. Teasing, roughhousing, name-calling
5. Inappropriate language
6. Repeated (3) dress code violations
7. Gum chewing
8. Spitting
9. No parent/guardian signature in assignment book three (3) consecutive days
10. Touching: excessively, affectionately, inappropriately, aggressively

The staff at Will Carleton Academy will use positive, natural and negative consequences to maintain discipline. An Infraction Report will be sent home to be signed after every infraction as a means of communication and documentation. The signed infraction is to be returned the next school day.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Detentions are to be served on the day of the infraction. The parent conference will be a time for the teacher to communicate the problem to the parents and for the teacher, parents, and child to develop a plan for improvement. An Enrollment Evaluation will be a time for the Director, teacher, parents and student to discuss goals and to determine the commitment the family has to the WCA program requirements. Long term suspensions or expulsions are options. There will be regular communication between the faculty and the parents regarding discipline concerns. Students may be given a clean slate at the semester break unless he or she has reached the Enrollment Evaluation stage. At that time, the Director will evaluate if giving the student a clean slate would be counterproductive to the learning process.

A note about kindergarten: It is especially important that the beginning of a child's education be a positive experience. At Will Carleton Academy, appropriate behavior will be modeled, encouraged and expected. Although kindergarten is a time of maturing, steps to insure firm discipline will be taken to maintain high standards of behavior.
